C. H. Martin is a contracting and construction management company located in the State of Washington. We offer personalized and professional services for a cost-effective and timely approach, without sacrificing quality. We have 35 years of experience and have been specializing in institutional construction, such as; hospitals, schools, healthcare systems, student housing, and airport security upgrades nationwide. We also have a dedicated team specializing in commercial telecommunications. C. H. Martin is a cumulation of two partners with an extensive background in the construction, telecommunications, and healthcare industries as well as business analysis for the National Healthcare systems. C. H. Martin is now positioning itself to become a new business resource for the United States Federal Government.
