12 Tech Limited Liability Company is a women owned tech development company based out of Union, NJ. We specialize in web development, mobile app development, AWS cloud, and Alexa skill development. Our business has state-of-the-art technologies and tools to create a sleek and modern piece or work for any project. We take pride in the in-depth analysis and attention to detail in order to perfect any work we complete.

Core Competencies

App Development - Cloud Solutions - Web Development - Alexa Development Services

Past Performance

iPhone App: iKP

An iOS-based app developed for a restaurant. It lets customers view restaurant menu and order food right from the app. The backed was written using Java-based web services. The app is available in the app store:

<https://itunes.apple.com/us/app/kabab-paradise/id781243623?mt=8>

Android App: OneGallery

Built a photo gallery app which aggregated pictures from multiple sources and used AI to organize them automatically. App available on the play store:

<https://play.google.com/store/apps/details?id=com.iautomata.allmypics2>

Personal Health Record Mangement System

Built a web-based product for a Startup (Shelter Inc) to record and maintain customer's personal health records

Emergency Notification Service

Built an Amazon Alexa product for a Caregiver Assist Inc, which allowed customers to automatically notify their emergency responders in case of an emergency. Also added automated 911 calling support (a novel patented feature implemented for the first time by us)
