United Marine Solutions LLC is a Service Disabled Veteran Owned and operated business located in Louisiana that also provides services to AR, MO, IL, TX, and FL. We pride ourselves on a commitment to our customers through collaboration and dedication to service. The array of services we provide include shore tankering, tank maintenance, and tank cleaning from Texas to Florida. Our highly skilled teams are trained and never stop training, we believe we are more than just a marine management service provider - we are a family. Our company began with the idea that services can be provided at a lower cost by maintaining a level of quality over quantity and our record of zero incidents shows the keen attention to detail our management team prides themselves on.
