

Craft & Associates, Inc.

Capability Statement

Craft & Associates, Inc. is a small business located out of Cullman AL. We have been in business for over 30 years in the commercial and industrial sectors doing construction and construction management. We have done governmental housing for seniors and low income that consisted of 40+ new apartment units. Our services include cast in place concrete, demolition within commercial buildings, and installations of windows, doors, frames, and hardware. We pride ourselves on getting the job done to the clients' specifications and getting that work done in a timely manner.
