

# Lee County Certs, Inc

## Capability Statement

At Lee County Certs, Inc we're committed to encouraging continuous education. We are a proud woman and veteran owned small business located in Cape Coral, FL that offers all American Heart Association certifications. You can trust that with our military background you will be treated with the utmost professionalism and respect. Additionally, we are pleased to say that our instructors have 20+ years of experience in the medical field. They are trained in the latest educational strategies and techniques.

CPR can triple a cardiac arrest victim's chance of survival - especially if performed immediately. Our training has been provided to groups of a business as well as individuals that wanted to learn this life-saving skill. We make sure each individual, no matter what certification they need, has a full understanding of the course material. To say, WE LOVE WHAT WE DO, is an understatement.
