**Capability Statement**

**CAGE CODE: 86CX2**

**DUNS NUMBER: 039651069**

## COMPANY OVERVIEW

TruNorth Trail Blazers is a women-owned small business that provides services to clear and beautify property in the Upper Peninsula of Michigan and Northern Wisconsin. We own and operate a mulching machine. We cut and clear vegetation and overgrowth. Our commercial equipment allows us to mulch entire standing or downed trees and vegetation leaving the grindings as a "mat" on the forest floor. With our commercial grade equipment, we will efficiently clear land at costs up to half that of hand cutting methods, with no hauling or burning that would result from conventional clearing. Our proven process involves less steps to the land clearing process: including site prep, clear-cutting trees, hauling the material and site clean-up. Our equipment is small enough for private jobs and big enough to tackle commercial jobs. Our process will eliminate the need for a bulldozer, excavator, tree shearer, wood chipper/grinder and transport vehicles. We are the one-stop shop for individuals looking to clear bike paths, shooting lanes for deer hunting and ski paths in our area. Contact us to learn more about our federal contracting capabilities.

## NAICS CODES
