

Holistic & Evidence-Based Behavioral Health Solutions

Workshops, Consultation & Direct Care Services

Capability Statement

Davenport Creative Arts Therapy, PLLC, focuses on the treatment and prevention of mental illness and promotion of emotional wellbeing and resilience.

This cutting-edge company employs a team of highly-specialized Licensed Behavioral Health Experts to provide clinical counseling direct-care services, training & education for support staff and consultation for administration.

All services are facilitated by Licensed, Registered & Nationally Board Certified Art Psychotherapists with intensive training in evidence-based Behavioral Therapy. Specialties include integrating Art Therapy with evidence-based Behavioral Therapies and Mindfulness techniques.

Davenport Creative Arts Therapy provides treatment for hard-to-reach individuals, including veterans and their families, struggling PTSD, Suicidality, Anxiety, and Depression.

They also facilitate comprehensive educational trainings and workshops for medical & social service staff and active service members who are experiencing stress, burnout, compassion fatigue or vicarious trauma.
