Company Overview

Fair Consulting, LLC is a veteran, woman-owned small business that was created to fill an existing gap within corporate, government, and educational industries by providing instructional design and performance improvement services. With more than 20 years of experience, our offerings exceed the expectations of our clients. Our services include but are not limited to; needs assessments, instructional design and development, E-learning, program evaluation, project management, and learning experiences focused on human performance improvement. Here at Fair Consulting, we are trained and certified to assist our clients with nothing but the best solutions possible. For additional information on our services and federal contracting abilities, please contact us today.
