

WARRIOR DIAGNOSTICS

CAPABILITIES STATEMENT

DUNS: 117193322 CAGE: 8EC22

ABOUT US

We are a 100% veteran owned lab that focuses on providing personalized patient care through genetic testing. We provide Next Generation Sequencing for tumor classification, hereditary cancer, cardiovascular, neurological screenings, as well as pain management prescription monitoring and toxicology testing. We believe this type of testing is an essential element in the delivery of superior healthcare services.

CORE COMPETENCIES

- Molecular Diagnostics
 - ❖ Tumor "Hot Spot" Testing
 - ❖ Hereditary Cancer Screening
 - ❖ Carrier Testing
 - ❖ Cardiovascular Testing
 - ❖ Neurological Screening
