Company Overview

We are the nation's oldest and preeminent dog training school, operated by the same family since our inception in 1957. Internationally acclaimed dog expert and CEO, Michael Kamer, has over 50 years of industry experience that enables him to offer a vast array of specializations.

We specialize in custom trained Service Dogs, ESA, and Therapy Dogs. Through consultation with the client and their Health Care Professional, we determine the specific needs of the client as well as what breed of dog is best suited for their lifestyle. Quality of animal, structure, health, temperament, and intelligence are all scrutinized. Using the Kamer Praised Technique, exclusively developed for our school by Michael Kamer, the dog is then harmonized with the client.

We are a private dog training school whose philosophy has always been to offer the BEST rather than the most, so that we have the time, care, and teaching standard required for our students and dogs. The result is a closer relationship between students and dogs as well as competency.

We have an array of canine specializations, Such as Adaptive Dog Training for Veterans, Disabled, and Seniors that have special needs. With our vast skill set, there are little to no limitations.

We also offer courses in Basic Obedience, Advanced Obedience, and Tricks for your pet.

Please contact us today for additional information as well as questions about our company and Federal Contracting abilities.
