

Company Overview

Since 1973, Arold Construction Company, Inc. has performed a wide variety of trenchless and civil services. We have over 47 years of industry experience, are DBE and WBE certified but it doesn't end there. Our services include but are not limited to: cured in place pipe lining, CCTV inspections, utility locating, drainage, and demolition work. In addition to a vast skillset, we own all of our equipment and offer sewer or water rehabilitation as well. Here at Arold Construction Company, we provide top-notch service through valuing quality, safety, and innovation all at once! Please reach out today for additional information on our company and federal contracting abilities.
