

Front Line Consultants Corp

Capability Statement

Veteran-owned and operated, Front Line Consultants Corp provides essential residential and commercial general construction services. We have over 40 years of combined experience that enables us to offer an array of specializations.

Our capabilities include but are not limited to new building, interior and exterior renovations, restoration, masonry, roofing, and environmental remediation. In addition to a vast skillset, we own the equipment necessary to successfully complete our projects while also having experience in dealing with religious properties and education facilities. Here at Front Line Consultants Corp, we strive to achieve maximum client satisfaction through being well-versed in all of our construction solutions.

Please contact us today for further information on our company and federal contracting abilities.
