

TECHNI

IT and eLearning Solutions

Capability Statement

Company Overview

Techni Inc. is an eLearning and Software Development agency based out of Boca Raton, Florida. Our nearly 20 years of industry experience allows us to offer an array of services to our clientele.

Our specialties include course design, consulting, simulation design, developing training content, and a plethora of accompanying services. We design and develop all types of technical, non-technical, corporate, and soft skills training. Here at Techni Inc., we believe in inspiring learners by providing them the necessary tools to unlock their full potential and grow with their organization. Our team consists of qualified, trained, and dedicated professionals who are more than ready and capable of supporting your organization.
