Company Overview

Succor Safety LLC is a small business based out of New York consisting of licensed and certified professionals dedicated to increasing the safety of all working environments. We conduct site safety inspections for potential hazards, including checking for appropriate PPE, broken equipment, defective tools and enforcing the display of safety signage.

Succor Safety also monitors, compliance with the safety requirements indicated in NYC and OSHA rules and regulations and ensuring workers have proper training and certifications required to operate specific equipment. Our company focusses around preparedness, response, recovery and mitigation.

Please reach out for more information about our services or federal contracting opportunities.
