

KENYERI

ENGINEERING & MANUFACTURING

CAPABILITY STATEMENT

CAGE: 9A2N9

UEI: ZR1VJGKG8156

COMPANY OVERVIEW

Kenyeri Engineering & Manufacturing is a small business based out of Downers Grove, Illinois. We design and build custom electrical control panels required to operate systems of any size. We take your process electrical panel needs from specification and design drawings through fabrication, testing, and start-up. Our staff blends engineering expertise with customer focus, listening to your concerns and objectives.

For more information about our services or federal contacting abilities, please reach out at your convenience.

CORE COMPETENCIES

- Engineering Solutions
- Work Holding
- Custom Fitting
- Curvic coupling
- Machining
- Job Shop

DIFFERENTIATORS

- “Start With The Part”
- Extensive Industry Knowledge
- Problem Solving Methods
- Assess Production Needs
- Excellent Customer Service

PAST PERFORMANCE

- GE Aviation
- ACME Industries
- Flying S
- East Jordan Foundry

NAICS CODES

333517

Machine Tool Manufacturing

332216

Machinists’ precision measuring tools manufacturing

811310

Machine tools repair & maintenance services

333991

Tools, handheld power-driven, manufacturing
