Capability Statement

Expentor, Inc. is a small business based out of Mount Olive, New Jersey. We are highly skilled consultants who specialize in assisting customers with their information technology needs.

Our core competencies include web and app development, migrating and modernizing existing systems to run in the cloud and assisting customers with implementing new technologies to help make better business decisions faster.

Professionalism, timely service, competitive pricing, and 25 years of IT experience are a few reasons we have become one of New Jersey's most trusted digital service companies. Please get in touch with us for more information about our services or federal contracting opportunities.
