Company Overview

ILIF Repairs LLC is a logistics industry professional that operates a fleet of mid-duty trucks. In our 10 plus years of experience, we offer other local businesses access to the same high-quality, personalized service. As a company built from the ground up by a former commercial driver, we understand the importance of a well-kept, reliable vehicle for delivering unwavering customer satisfaction and avoiding on-the-road setbacks.

Please reach out for more information on our services or federal contracting abilities.
