

Company Overview

At PortCity, we pride ourselves on being a top tier 3rd-party logistics company with over 22 years of industry expertise. We are a recognized leader in the Southeast U.S. with four million square feet of warehouse facilities spread across the region. From our team of supply chain experts, to our vast portfolio of comprehensive logistics solutions, everything we do is focused on helping you grow.

We handle all of your transportation and distribution intricacies so you can concentrate on what you do best. You never have to worry about losing visibility of your network with our real-time inventory and shipment tracking. You can trust our commitment to effectively streamline your supply chain activities, working diligently to ensure you have a successful customer experience.

Please reach out for more information on our services or federal contracting abilities.
