

CAPABILITY STATEMENT

SOUTHPAW COMMUNICATIONS INC.

CAGE— 12SD3 | **UEI—** Pg8RQN6DGJ59

COMPANY OVERVIEW

Southpaw is a low-voltage network cabling company specializing in the installation of Category 6 and 7 cable, coaxial cable, and fiber optics. We support a wide range of infrastructure needs, including the setup of wireless access points, IP cameras, audio systems, and large-screen displays.

Our team installs data racks, network switches, and related gear, ensuring efficient and reliable connectivity. We also design and build complete data centers, incorporating structured cabling, ladder racks, and professional-grade network equipment. Additionally, we provide access control system installations for secure facility management.

NAICS & PSC CODES

238210 Electrical & Other Wiring Installation Contractors

237130 Power/Communication Line & Related Structures Construction

517111 Wired Telecommunications Carriers

517810 All Other Telecommunications

517410 Satellite Telecommunications

6350 Misc. Alarm, Signal, & Security Detection Systems

N060 Installation of Equipment - Fiber Optics, Materials, Components, Assemblies, & Accessories

N063 Installation of Equipment - Alarm, Signal, & Security Detection Systems

DG11 IT & Telecom - Network: Telecom Access Services

DIFFERENTIATORS

- Over 25 years of industry experience
- Exceptional customer service and responsiveness
- Honest and transparent communication with clients
- Strong emphasis on long-term business relationships
- Ability to scale quickly to meet urgent needs or tight deadlines

CORE COMPETENCIES

- Low Voltage Cabling Solutions
- Installation of Category 6 & 7 Network Cable
- Fiber Optic Cable Installation and Termination
- Data Rack Installation and Configuration
- Structured Cabling Components (J-Hooks, Jacks, Patch Panels)

PAST PERFORMANCE

- WiFi Network Cabling Project
- Low Voltage Cabling Project
- Fiber Optic Backbone Cabling Project
- Access Control, Satellite TV & CCTV Install
- Audio/Visual & IP Telephone System Installation
- Data Center Cabling & Data Racking Project
