Informative Technical Solutions (ITS) is a premier IT contracting firm headquartered in Boston, MA specializing in comprehensive infrastructure services, including rack and stack, network and server refreshes, and full-scale infrastructure optimization. Our expertise encompasses leading technologies such as Cisco, Palo Alto, Aruba, Microsoft, VMware, HP, and Dell, enabling us to deliver tailored solutions that meet the unique needs of each client.

Beyond network design and implementation, we offer technical training to ensure professionals remain current with industry standards. Our services also include copper and fiber installation, meticulous documentation, and inventory management, all aimed at providing reliable and organized IT solutions for businesses. At ITS, we are committed to delivering efficient, fast, and reliable services, distinguishing ourselves through extensive expertise, end-to-end service offerings, proactive documentation practices, and a proven track record with our clients. We streamline project execution, reducing inefficiencies and minimizing resource consumption, thereby offering cost-effective solutions without compromising quality or adaptability.
