#### **COMPANY OVERVIEW**

Fabtech Precision Sheet Metal, located in Spokane, Washington, specializes in delivering custom, high-quality precision sheet metal fabrications and mechanical assemblies tailored to meet or exceed customer requirements. With a dedicated team averaging 30 employees, we offer comprehensive, in-house services including cutting, bending, machining, hardware installation, welding (MIG, TIG, robotic), assembly, and powder coating, accommodating production runs ranging from single prototypes to 15,000 parts or more.

Our company works with a variety of materials such as aluminum, stainless steel, coated steel, cold-rolled steel, hot-rolled steel, titanium, copper, and brass, maintaining tight tolerances up to .005 inches. Emphasizing rapid prototyping and scalable production, Fabtech integrates advanced automation for lights-out fabrication and employs LEAN and Six Sigma methodologies to minimize waste. Our cross-trained workforce is adept at handling diverse job shop projects, ensuring flexibility and efficiency. Committed to customer satisfaction, Fabtech leverages state-of-the-art SolidWorks, CAD/CAM software, and CNC equipment to provide full-service precision sheet metal fabrication and assembly solutions.
