COMPANY OVERVIEW

At VETPATUSA.ORG, our mission is to empower military members and veterans by connecting them with commercial freight opportunities nationwide. We operate a robust logistics platform, leveraging our team's extensive military, CDL, and security experience to ensure the secure and timely transport of sensitive and high-value freight across all 48 contiguous states. Our driver pool reflects a majority of veterans, active Guard/Reserve members, and military retirees — all thoroughly vetted, TWIC-carded, and many holding active security clearances.

Established in 2024, we have rapidly earned trust from major clients across the food, retail, and logistics sectors, including Stemilt Growers, Tyson Foods, DHL/Bayer, Nestle, Walmart, and FedEx. Our operations are built on reliability, respect, and attention to detail drawn directly from our military backgrounds. We offer both expedited and scheduled deliveries, utilizing reefer, flatbed, and other commercial vehicles to suit every client's specific logistical need, always ensuring freight is handled by professionals committed to safety, service, and client satisfaction.
