**Capability Statement**

---

Revolution Auto Parts is a trusted nationwide partner for turn-key repair solutions backed by hands-on leadership and deep industry roots. Our three on-site owners bring more than 55 years of combined recycled parts experience, including time with the industry’s largest consolidators, and they built Revolution to provide national capability with local accountability.

We manage complete repairs for some of the biggest customers in the country, including the two largest retail dealership groups and major fleet operations. From vehicle procurement and environmentally responsible recycling to parts sourcing, logistics, and final delivery, our team runs the entire process so you can move faster, control costs, and keep vehicles on the road. We supply the right part for the job from a full range of options, including new OEM parts, professionally remanufactured components, and high-quality recycled parts. Revolution Auto Parts is a modern auto recycler with state-of-the-art systems, data-driven inventory built from high-quality, in-demand vehicles, and a dedicated quality control team that inspects every part before it ships. Our warranty programs are among the strongest in the industry, with no caps and no limits, which means you get confidence with every order.

As a proud member of Team PRP, we partner with 285 leading recyclers nationwide to extend your parts access without sacrificing service, reliability, or accountability. We combine local ownership, national reach, and proven processes to keep your workflow simple and your vehicles running.
