Capability Statement

B.S. Supply LLC is a family-owned, women-owned wholesale supplier serving commercial construction and facilities operations nationwide. We source and deliver job-ready materials across PPE, safety equipment, site safety, and general and office supplies, helping crews work safely, stay compliant, and keep schedules on track. Our team supports contractors, subcontractors, facility managers, and public and private organizations with fast quotes, clear ETAs, and dependable deliveries directly to job trailers, site gates, and offices.

We emphasize responsive service, reliability, and long-term partnerships. Our flexible portfolio spans leading brands and value options, with kitting by trade or task, substitutions for back-ordered items, and inventory and reorder programs for multi-phase projects.
