Capability Statement

IES is a civil and structural engineering firm and heavy civil construction contractor based in Lafayette, LA, serving the Gulf South. The team provides building, structural, foundation, and civil engineering, along with site development, inspections, and project management. IES maintains Professional Engineering licenses in LA, MS, TX, AL, FL, NC, AR, VA, and WI, enabling multi-state delivery for public and private clients.

With 10+ years in building and heavy steel design and foundation engineering, and 3+ years executing site development for U.S. Army Corps of Engineers projects, IES blends design excellence with construction execution. As a Service-Disabled Veteran Owned company with deep field experience, the firm offers integrated solutions across the full project lifecycle.

For more information about our services or for federal contracting opportunities, please reach out at your convenience.
