COMPANY OVERVIEW

Los Padres Fire Protection is a firefighter and paramedic owned company serving the Santa Maria Valley and California's Central Coast since 1986. We provide comprehensive fire protection services for commercial and residential clients, including inspections, maintenance, and installation of fire extinguishers, sprinkler systems, emergency exit lights and signs, kitchen suppression systems, and backflow assemblies.

Our licensed technicians bring deep knowledge of California codes and best practices, delivering clear electronic inspection reports and dependable same day service through in office visits or free mobile service. We also offer live fire training on safe extinguisher use to help clients feel prepared at home, at school, and on the job.
